AUCTIONEERS FOREWORD

Halls are pleased to be favoured with instructions by GP & SC Whittingham of Wycherley Hall Ellesmere to disperse the well-bred Wycherley Herd of Pedigree Holsteins. The sale comprising the in-milk cows and heifers as well as in calf and bulling heifers.

The family have milked at Wycherley for 3 generations with the herd being closed for at least 45 years. The goal has been to breed a cow that "Walks well, Milks well and Lasts well" and this is the type of balanced cow you will see on Tuesday 3rd October at Shrewsbury.

The system is not intensive and more that of a traditional family farm. The herd are grazed in the summer months being housed in cubicles throughout the winter, with a diet of Maize and Grass Silage and Concentrates in the herringbone parlour. The cows are currently averaging as follows:

8775kg 4.07%bf 3.35%ptn 178cc

This is lovely herd of cows which have been AI bred throughout using top sires such as, REW Seaver, Sandy Valley Picston, Gillette Jordan, ABS Theory, Ballycaine Mascol Mars, Endco Apprentice, Vieuxsaule Flame. Youngstock are by Westcoast Redcarpet and Bolid V Aptitude to name but a few.

The cows have been served to Conventional Holstein, Blue and Fertility Plus semen, while the heifers are in calf to Sexed Holstein or Aberdeen Angus.

It is a privilege to offer this herd for sale, they look a picture at Wycherley and have the potential to look just as good if not better on your farm! See you on the 3rd October 2023

Jonny Dymond

HERD HEALTH STATUS – (Please refer to vets report)

All accounts must be paid on the day. Overdue accounts will be charged 5% interest over the bank of England base rate base rate from the day of purchase.

VET REPORT

“The Wycherley herd has been a closed herd for 45 years, of which we are proud to have been working with The Whittingham family for the past 18. The herd are vaccinating for IBR; testing antibody negative for Lepto on bulk milk; and testing PCR negative for BVD on the bulk tank, after vaccinating for several years. Being a Tesco producer since the producer pool was set up, the farm has been fully engaged in Johnes monitoring and control, using the Herdwise scheme from inception.”
