VENDORS FOREWORD

In 2016 we purchased two pedigree stabiliser bulls. One was put to 25 pedigree stabiliser heifers and the second was put to our Lim X and Sim X cows. This idea was to produce as much beef from grass in a very low-cost system.

We put herbal grass lays into our arable rotation and utilised the winter wheat stubbles which are drilled with Rye grass or cover crops. We do a mix of paddock grazing on the permanent grass fields during the summer and strip grazing over winter with silage/haylage bales that will already be out in the fields.

The herd has since grown to 300 cows and everything is finished on the farm.

The cattle are outwintered all year round. They are on a rotational paddock grazing system with the use of electric fences. These are very easy cattle to move daily and to handle. They are easy calvers with plenty of milk and the calves are up and away very quickly. We have a 98% success rate with getting in calf. All replacement heifers go back to the bull at 16 months and around 400kg. All the cattle are up to date with their BVD vaccine (Bovella) and an annual copper bolus.

All the cows are in calf and will be PD'd on the Monday prior to the sale, they are all due to calf from the 15th February within 8 weeks

HERD HEALTH STATUS – (Please refer to vet's report)

Bovella BVD Vaccinated next booster due January 2024 – Fabbl 40689

TB Tested 6th November and 20th November 2023

AUCTIONEERS FOREWORD

Halls are delighted to have received instructions from The Crow Family, Trading as Cherrington to hold their production sale of Stabiliser Cows. Andrew and daughter in law Jo have a real love for these cows, with a very keen eye for the breeding. The cows are never housed living out extensively on the sandy banks producing good calves and wearing well year on year the numbers have swelled to their current level bringing the need to sell.

The herd are high health, BVD vaccinated, Farm Assured and sure to go on and produce early spring calves ideal for the summer of 2024.

Do not miss this sale on modern functional suckler cows at Shrewsbury Auction Centre on 7th December 2023 following the sale of Store Cattle
