VENDOR FOREWORD

Coming from farming families both Jo and I were determined to get our own farm. In 1984 I was fortunate enough to successfully gain the tenancy of Street Farm, Tarvin, Chester. Moving in October with two young children Michael and Charlotte and Hannah on the way, the adventure started.

We purchased 26 cows from Mr Rutter's sale on the advice of my father-in-law, John Platt. He said they will know their way around and keep the new cow's calmer. That night I milked in a 6-point abreast milking bale. By 1990 a new herringbone parlour was installed, what a luxury!

In the early years we purchased cows from Crewe monthly pedigree sales and from relatives; Bruce Gleave, Earnshaw Farm, Byley and Herbert Gleave, Greenwalls Farm, Doddlestone. The Margaret family from Herbert Gleave proved to be very successful and are prominent in the herd today. We were also gifted and purchased cows from John Platt, Lachstone herd, Lach Dennis. These purchases created an excellent foundation to the herd. The introduction of the Jerseys cows came with the purchase of an in-calf heifer at Beeston mid-month sale for £80. All the Jerseys in the herd are derived from that cow. She was the last cow we brought in, since then all replacements have been homebred and reared. We take pride in our youngstock management, leading to quiet and calm animals that are easy to handle.

Since leaving school Michael has been involved in the management of the herd, taking particular interest in the breeding policy. Over recent years we have introduced Friesian blood lines, alternating between using Holstein and Friesian sires to add robustness and strength to the cows, with increased chest width, good legs and feet, whilst maintaining good milk yields and dairy character. More recently we have started crossing the Jersey cows with Norwegian Red sires; we already have a couple milking producing high yields, with excellent milk quality and low cell counts. We have many more in our youngstock which look promising for the future. Longevity and fertility have been an important part of our breeding policy with a calving index of 383 days.

We are an all years round calving herd, with a short break in December to give us an easier Christmas. The cows are cubicle housed, eating 53kg per cow of TMR consisting of grass silage, blend and caustic wheat. They are milked twice daily and fed parlour corn according to yield. We CIS milk record monthly, the cows are currently averaging 29 litres per day with the herd made up of 16% Jerseys.

Hannah has also taken a keen interest in the calves and cows from an early age, starting the Hannah's prefix at 10 years old. Her knowledge as a vet and enthusiasm for herd health has encouraged us to be proactive through health testing and vaccination. Being a closed herd, the health status of our cows is important to us. We have BVD ear tag tested all the stock for over 10 years, and we screen quarterly for Johnes through CIS. The stock are annually vaccinated for BVD, IBR and Lepto.

We've had many happy times at Street Farm over the last 41 years, but Jo and I now wish to have more time away from the farm and take a back seat, if possible. Due to the demands of dairy farming and to make the farm more manageable without the need for additional staff it is with sadness that we have decided to cease milk production.

Thank you to all those family and friends who have helped and supported us over the years. Thanks to the friends we have made along the way, good staff and businesses we have dealt with regularly, who have served and looked after us well.

David

AUCTIONEERS' FOREWORD

Halls are delighted to have received instructions from David and Jo Lomas & family to disperse their Beestonview herd at Shrewsbury Auction Centre on Tuesday 8th April 2025.

This a beautiful herd of cows which have been bred by a true stockman producing robust cows, with width, hard topline, smooth locomotion and desirable udders. The Holsteins have been kept pedigree since the family began farming at street farm in 1984 with the herd closed for 20 years, since the introduction of a single jersey from Essex who is the matriarch for all the jerseys in the Herd. Please see the vendors foreword for a brief history of this herd of cows, which is truly loved by the family.

The whole herd including the 30 or so milking jerseys are CIS recorded and NML milk quality checked with the current herd averages as follows:

8640kg 4.47%bf 3.57%ptn 164cc

The curranty daily yield is 29kg while the herd's calving interval is a testament to the fertility running at **374 days!!**

The herd age profile is as follows: 35 1st Lactation heifers 38 2nd Lactation Cows, 20 3rd Lactation, 18 4th Lactation and 31 in their 5th Lactation or Heifer

The calving profile is as follows:- 16 January, 17 February, 24 March and April, 7 May, 13 June, 3 July, 14 Augsut. 18 September, 17 October, 10 November.

If you want honest hard working cows which will fit into your herd and perform look no further than the Beestonview Herd on Tuesday 8th April 2025

Jonny Dymond

Health Status (see veterinary report)

The herd was vaccinated for Lepto on 12th March, all calves are BVD Tagged and Tested, BVD Vaccinated in October, IBR Vaccinated in November. Milk is Johnes Tested with no red cows in the sale. The herd has only every had 1 tb breakdown in 40 years. In 2024 2 animals were classed as reactors, this was followed by 2 successive clear tests. The latest clear test was 17th February 2024

HEALTH STATUS, - please see veterinary report

VETERINARY REPORT

Nantwich Farm Vets (& previously as Nantwich Veterinary Group) have been the veterinary surgeons for David & Joanna Lomas and family since they started milking cows over 40 years ago now. I personally have been visiting the farm since my first week in Nantwich in 2001 and have been the main routine vet since 2008.

I have to say what a pleasure it has been to have been so involved with the Beestonview herd over the years. The most striking feature for me of this herd is the longevity of so many of them. There are several cows that get to lactation 6, 7 and even 8. It is incredible in this day and age to have a herd where so many cows last this long. It is a reflection of both the excellent management involved as well as breeding cows of an excellent type with legs, feet and udders that last. On top of the excellent Holstein herd there is also the Jersey element as well. While not pedigree registered, they are still excellent cows with typical Jersey feistiness exacerbated by having to survive in a Holstein dominated environment.

The herd is fully vaccinated and up to date for Leptospirosis, BVD and IBR. Bovela BVD vaccine has been used for several years now and the IBR vaccine used has always been a Live Marker vaccine. On top of vaccination BVD tag and test has been performed on all calves for close to ten years now. The only positives ever found were on the initial tagging of all youngstock and these animals were promptly culled. Regular whole herd milk antibody testing for Johnes has been carried out for several years now with only one confirmed positive cow at the last test. This cow won't be put forward for sale.

While only the milking cows are being put forward at this sale the remaining dairy heifers will continue to be sold fresh calved. So, the good news is if you like the cows, you buy then there will be a constant supply of fresh heifers for another 2 years!

I would just like to take this opportunity to thank the Lomas family for their much valued custom and loyalty over the years. As a business we wish them all the best for a successful sale and look forward to carry on working with them for many years to come as they grow their beef rearing enterprise.

John Manson

GENERAL INFORMATION & SALE NOTES

METHOD OF SALE

All Cattle will be sold in Guineas (£1.05) per head. The sale will be conducted under the Livestock Auctioneers association on Conditions of Sale 2022 as amended. A copy will be available at the Auctioneer's office.

COMMISSIONS & PHONE BIDS

The Auctioneers will dutifully execute commission to Purchase for buyers unable to attend the sale, provided written instructions are received no later than 24 hours before the sale.

Telephone bids can be arranged by contacting the Auctioneers office again 24 hours before the sale

SETTLEMENT & CLEARANCE OF STOCK

Settlement Is due in full immediately at the close of the sale. No animal may leave without a "Pass Out" from the Auctioneers Office. All stock left at the sale on this basis are at the purchasers' risk and purchasers MUST notify the auctioneers of their intended collection time

MARTEYE AND ONLINE BIDDING

Live Bidding via Marteye will be available throughout the sale, please note new purchasers MUST register no later than 3pm on the day prior to the sale.

WARRANTY – TIME IS OF THE ESSENCE

PLEASE NOTE UDDER WARRANTY GUIDELINES:

- Unless otherwise announced or declared, any heifer or cow in milk or cow in calf at the time of sale shall carry a guarantee that she is sound in udder and teats at the time of sale, all claims.
- Any claims against the guarantee must be made to the Auctioneers by 12.00 noon on the day following the sale for a cow in milk or within two hours following the close of the sale for a dry cow.
- No Guarantees for any animal sold under £800.
- If the Auctioneers are in agreement that the udder is not sound, then the sale, at the discretion of the vendor, may either be cancelled or an adjustment in the price paid agreed between vendor and purchaser.
- The vendor warrants that any cow or heifer sold as being in calf is in calf at the time of sale, this is a 38 + 5 day warranty.

All cows served 10 weeks or more are Guaranteed in calf on the day of sale, this is a 38 + 5 day warranty, no claims after this time will be accepted. The relevant date for this sale is 28th January 2025.

NEW PURCHASERS & CONDITIONS OF PAYMENT:

All accounts must be settled on the day of sale, no credit will be available. Any prospective purchaser's unknown to the auctioneers wishing to pay by cheque must make the following arrangements at least 7 days prior to the sale.

1. Inform your Bank Manager that you wish to pay by cheque. Tell them the likely amount that you intend to spend and instruct your Bank Manager to inform us by e-mail market@halls.gb.com that it is in order to accept your cheque.
2. Arrange with your Bank Manager for a guaranteed cheque to be issued.
3. Debit cards accepted,
