Auctioneers Remarks

Halls have been favoured with instructions from the Executors of the Late David Morris to conduct, what must be, the most impressive range of modern farm machinery from one unit ever seen in Shropshire.

David was a perfectionist. He bought Hanley Hall in 1987, having come out of Industry, and from the word go set out to equip himself to the highest standard on what must rank as one of the very best 400-acre arable farms in Shropshire.

He may have had the equipment, but he also had the expertise winning local farm competitions in very quick time.

Hanley Hall is impressive in all respects. Due to ill health some 5 years ago David called on friends and neighbours to help with the cropping but his investment in machinery never ceased hence the reason why virtually every item is up to date and little used considering the acreage.

All sections deserve mention none more than the potato section with exceptionally well-maintained machines, now showing some age but having done only 80-90 acres each year for approx. 12 years. The grading and bagging line is so worthy of inspection.

Consider this – the 4 newest tractors in the sale have only done 692 hours between them!!!!
The John Deere combine has 74.4 drum hours.

If you want to be impressed, be at Hanley Hall on the 20th February.

Situation

On the A5 Shrewsbury to Oswestry, turn onto the B4397 at the Shottaton Crossroads towards Ruyton XI Towns. The Farm Drive is situated 300 yards of the Left.
