Vendors Forward

"The Stamford Herd of pedigree Ayrshires was founded in 1970, with the purchase of 12 animals in Cumbria. Additions were made from dispersals and draft sales with the emphasis on buying quality not quantity. The herd has been built up around prominent cow families, such as Babs, Charm, Princess, Punch, Wren and most prominently of all Miss Norma.

2 Homebred sires, Stamford First Prize and his son Stamford First Quality, have had a big impact on the development of the herd. The herd has always been and continues to be pure bred, with the aim of having an alternative and not more of the same. For many years the Herd has been a closed herd with the emphasis on milk quality and longevity. The milk is sold for cheese making and many animals in the herd average 5% fat (a few at 6%).

The family has been retailing raw milk to the general public for over 80 years, currently through the shop attached to the petrol station that we own. Many people comment on the taste and flavour of the milk which is attributable to the Ayrshire breed.

We feel sure that some of the heifers have show potential and the group is only for sale because of the severe disruption caused by the Hynet carbon capture pipeline which is currently ploughing through the middle of our farm and has forced us to zero graze off lying land which would normally be available for youngstock."

INCALF HEIFERS

HW OULTRAM & CO, NEWBRIDGE

All the heifers were BVD vaccinated on March 17th 2026.
