## **AUCTIONEERS FOREWORD**

Halls are proud to received instructions from Elfyn, Meinir, Llion, Dafydd and Ynyr Jones to host a reduction sale of their Meinel herd of Pedigree Holsteins as they have terminated their contact farming agreement at Claypits Farm removed to Shrewsbury Auction Centre for convenience of sale.

Elfyn & Meinir took the reins at their 3rd generation family dairy farm situated in Denbigh in 2007. From this date they have developed the Meinel Herd and their passion for agriculture and the Holstein cow was passed onto their 3 sons. The Home farm was at more than maximum capacity and so the family took an opportunity to expand and began contract farming at Claypits Farm, where there are modern cubicle sheds & infrastructure in January 2025.

This gave the family opportunity to grow from 180 to 280 cows these numbers achieved organically through the use of sexed semen and the purchase of 60 commercial Holstein cows from Gordon Dutton, who has since dispersed his herd through Shrewsbury.

These 81 head offered for sale today are the only for sale was the family is moving back to the family farm. The herd is cubicle housed, on a full TMR Diet milked twice a day through the herringbone parlour currently averaging 35kg per day with the CIS Averages being

**9857KG      4.28% Bf      3.37% ptn      172cc**

These cows are not being pushed with the management and diet is focused on milk from forage which currently stands at 3551 litres per cow. Of course, with the breeding and quality of these cows on a more intense system the sky is the limit

The sale comprises 26 Fresh, 15 Served, 26 PD+ and 14 Dry Cows in an AYR pattern representing the following Lactations 1st 1, 2nd 19, 3rd 20, 4th 24, 5th or more 19.

The herd is BVD, Lepto and IBR Vaccinated, Johnes monitored with only “green” cows in the sale, the TB test was done on 26th May 2026.

The Families passion for their cows is only matched by their work ethic, I was blown away when I first saw them, no nonsense cows to milk well and blend into your herd, make sure your in Shrewsbury on 21st July

*Jonny*

**8th July 2026**

**ED & MW Jones**

**Meinel Herd Health Report**

I, Phillip Jones MRCVS, confirm that I have had the pleasure of attending the Meinel herd belonging to Mr and Mrs Jones for over 10 years.

During this period, the herd has maintained excellent health and have been fully compliant with Farm Assurance requirements. This includes vaccination protocols in the adult cattle for Bovine Viral Diarrhoea (BVD), Infectious Bovine Rhinotracheitis (IBR) and Leptospirosis.

The adult stock are vaccinated in the dry cow period for Bovine Rotavirus, Bovine Coronavirus and E.coli K99, providing higher levels of colostrum antibodies for neonatal calves. The calves are vaccinated for viral respiratory disease also.

Alongside these vaccination protocols, the herd also has established procedures for management and reduction of Johnes disease, which maintains a very low ATV, parasite control and have also been Tag and Testing for BVD for several years with no evidence of disease.

On a more personal note, I can attest for the tremendous care the Jones family have taken with their herd over the years, making it a pleasure to help look after their stock.
